

Ag Master “Kiosk”

An innovative agri-educational tool with an interactive touch screen to engage you in a Q & A session!

Who will this impact? ... Millions! An essential part of our economy is the food and agricultural industry. Those dollars are the basis and heart of our great state. Exploration of careers, technology, basics of farming and much more will enhance understanding of the economic and agricultural system and make a difference.

Let’s all make everyday choices and decisions based on fact and understanding.

- ☑ ten categories
- ☑ Multiple choice, true/false & matching questions
- ☑ Jeopardy style format
- ☑ Clear visuals to define the questions and answers
- ☑ A rotating database of questions presents variety & differing game boards
- ☑ Easily transported
- ☑ The system can operate 24 x 7 x 365 unattended
- ☑ The equipment is vandal resistant and designed for ease of use by the general public
- ☑ Will be “booked” into local schools and for a multitude of varied events

The “KIOSK” will impact agricultural understanding throughout the entire year.
